DIVING

The crew of Rocio Del Mar is here to help you in any way possible to make your visit to the Socorro Islands an unforgettable experience.

The Revillagigedo Islands (also Revillagigedo Archipelago) are a group of four volcanic islands in the Pacific Ocean, known for their unique ecosystem. The islands are home to many endemic plant and animal species. Socorro island is the most diverse in flora, fauna, and topography.

The islands lie 250 miles off Baja Mexico's southern shore. When embarking on a trip to the Socorro Islands, we plan to dive the islands of San Benedicto, Socorro, and Roca Partida. Due to the distance to Clarion, this is only dived on longer expeditions.

These islands are a spectacular magnet for the largest ocean pelagic animals in the world. Animals include schooling hammerhead sharks, tiger sharks, friendly bottlenose dolphins, silky sharks, Galapagos sharks, clouds of jacks and barracuda, tuna, wahoo, oceanic white tip sharks, whale sharks, and manta rays.

Manta rays are the claim to fame for Socorro Islands. The island where they predominately congregate is San Benedicto. The magical dive site called "The Boiler" is a submerged sea mount and cleaning station. More than a half dozen mantas frequent this pinnacle regularly. The mantas in the Revillagigedo Islands are friendly and enjoy the presence of humans. This is truly an exceptional place to experience the manta magic.

Humpback whales visit during the winter months of mid-February through mid-April. We often hear the sounds of the singing mating males as they provide escort underwater. Sightings are common during this time. Whale sharks are more commonly seen in November, December, and May.

Our trips have three divemasters on board to lead dives and assist divers. We also have two zodiac drivers vigilantly watching for bubbles and retrieving divers upon surfacing. We provide 80 cubic ft. aluminum tanks that are both DIN & yoke compatible.

GETTING TO THE BOAT

Rocio del Mar is located at Marina Puerto Los Cabos in San Jose del Cabo. All guests must travel to San Jose del Cabo (SJD). Guests are responsible for their own transportation to and from the boat. The marina is about 25 minutes from the airport.

After you collect your bags and leave customs, you will enter a lobby.

Go to the taxi stand.

There are two recommended ways to get from the airport to the marina:

TAXI

You can take a taxi directly from the airport to the marina. The cost is approximately \$60 US.

COLLECTIVO (SHUTTLE) & A TAXI

This is the most economical way to get from the airport to the marina.

At the taxi stand, ask for a colectivo. A colectivo is a very nice shuttle that takes about 9 passengers and drops people at the hotels. This costs approximately \$15 US. Since you're going to San Jose you will be dropped off first. You can have the colectivo drop you off at the Tropicana Inn. Once at the Tropicana Inn, they can request

a taxi to Marina Los Cabos. You shouldn't pay more than \$15 US. It's about a 15-minute ride from the hotel to the marina.

By choosing the colectivo & taxi method, you can expect to pay about \$30 US.

If you arrive early (boarding begins at 5 pm), you can store your luggage at the Tropicana Inn for \$7 per person. The hotel is centrally located and there are plenty of shops and restaurants in the area.

The Tropicana Inn can arrange for group transportation to the marina for up to 5 persons for \$25. This arrangement must be made in advance and can be done so at reserve@tropicainnloscabos.com.

[DIRECTIONS TO ROCIO DEL MAR FROM THE AIRPORT AND DOWNTOWN SAN JOSE DEL CABO](#)

Marina Puerto Los Cabos is about a 25-minute taxi ride from the airport and 15 minutes from downtown San Jose del Cabo. Please drive toward the small fishing town of "La Playita" and El Ganzo Hotel. Once you are in the marina area you will be driving on a long, winding road with roundabouts. To your right, you will see a tall, beige building called MARINE GROUP and on the other corner an OXXO store. Turn right at the Marine Group building and OXXO store. Keep driving toward El Ganzo Hotel. Quino el Guardian is docked about 100 yards before El Ganzo hotel. There is a small, adobe colored building with several parking spaces. This is the entrance to the dock.

[RETURN](#)

The boat will return to the marina during the night and passengers need to be ready to depart by 8:30 am on the last day of your trip. Continental breakfast will be served. Our crew will call taxis to get everyone to the airport or their hotel.
